- Bluetooth range: line of sight, 10M or 30FT
- Bluetooth version: 2.1

Sound
- Output power (RMS): 10W
- Sound Enhancement: Dynamic Bass Boost
- Sound System: Stereo
- Volume Control: Volume Control up/down

Loudspeakers
- Neodynium magnet system

Power
- Power supply: 100-240VAC, 50/60Hz, Battery
- Battery type: AA size (LR6)
- Number of batteries: 4
- Operating time on battery: 10 hr

Dimensions
- Product dimensions (WxDxH): 311 x 38 x 111 mm
- Packaging dimensions (WxDxH): 431 x 76 x 163 mm
- Product weight: 0.28 kg
- Weight incl. Packaging: 1.08 kg

Highlights

wOOx technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer than any other audio system. Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

Dynamic Bass Boost (DBB)

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
